### **DETAILED ACTION**

The request filed on 02/26/2002 for a Continued Prosecution Application (CPA) under 37 CFR 1.53(d) based on parent Application No. 09/212,657 is acceptable and a CPA has been established. An action on the CPA follows.

Applicant's amendment dated 01/14/2002 has been received and entered.

#### ***Specification***

1. The lengthy specification has not been checked to the extent necessary to determine the presence of all possible minor errors. Applicant's cooperation is requested in correcting any errors of which applicant may become aware in the specification.

#### ***Claim Rejections - 35 USC § 102***

2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
3. Claims 1-2, 7, 9-10 and newly added claims 23-24 stand rejected under 35 U.S.C. 102(b) as being anticipated by Applicant's admitted prior art (APA), figures 1C and 2, as stated in the final office action.

Art Unit: 2871

***Claim Rejections - 35 USC § 103***

4. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
5. Claims 3-6, 8, 11-18, 20, 22 and newly added claims 25-26 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Applicant's admitted prior art (APA), figures 1C and 2, in view of Funada et al., US Patent No. 5,696,388, as stated in the final office action.

***Response to Arguments***

6. Applicant's arguments filed 01/14/2002 have been fully considered but they are not persuasive.

Regarding claims 1, 9, 19 and 21, Applicant contends that APA does not disclose a structure implied by a controller formed on a substrate also having a pixel array and a driver formed thereon (amendment, page 5). The Examiner is not convinced by this argument since the same is true of the APA's figures 1C and 2. It should be noted that the term "formed" fail to provide any specific structural limitation in the device claims; therefore, such term does not have patentable weight.

Accordingly, the rejection of claims 1-26 stand.
